

THE GATES OF HELL OPENED?

From an article translated from AMMENUSASTIA

a newspaper published in Finland:

WARNING:

I personally believe in the existence of hell, however there are two sides to the following story... those who believe it is accurate and those who believe that it was fabricated. Even if the following story is false, it has no bearing whatsoever on weather hell really exists or not. So take it for what it is worth. I personally question the story, since I beleive that if hell exists, that it is much, much deeper than the depth given in the article. Either way, you can read more about the controversy here:

http://www.tentmaker.org/what/HellArticles/drilled_into_hell.htm - and also the story itself - below - if ONLY for entertainment purposes... However please DO NOT discount hell altogether (whether the story has any basis in fact or not) since I believe that the Bible is 100 percent accurate about the existence of HELL. Then again, there are many NEAR DEATH experiences which describe HELL in vivid detail !!! ...

Scientists are afraid that they have opened the gates of hell. A geological group who drilled a hole about 14.4 kilometers deep (about 9 miles) in the crust of the earth, are saying that they heard human screams. Screams have been heard from the condemned should from earth's

deepest hole. Terrified scientists are afraid they have let loose the evil powers of hell up to the earth's surface.

"The information we are gathering is so surprising, that we are sincerely afraid of what we might find down there," stated Mr. Azzacov, the manager of the project to drill a 14.4 kilometer hole in remote Siberia.

The geologists were dumbfounded. After they drilled several kilometers through the earth's crust, the drill bit suddenly began to rotate wildly. "There is only one explanation - that the deep center of the earth is hollow," the surprised Azzacov explained.

The second surprise was the high temperature they discovered in the earth's center. "The calculations indicate the given temperature was about 1,100 degrees Celsius, or over 2,000 degrees Fahrenheit," Dr. Azzacov points out. "This is far more than we expected. It seems almost like an inferno of fire is brutally going on in the center of the earth."

"The last discovery was nevertheless the most shocking to our ears, so much so that the scientists are afraid to continue the project. We tried to listen to the earth's movements at certain intervals with super-sensitive microphones, which were let down through the hole. What we heard, turned those logically thinking scientists into trembling ruins.

"It was sometimes a weak but high pitched sound which we thought to be coming from our own equipment," explained Dr. Azzacov. "But after some adjustments we comprehended that indeed the sound came from the earth's interior. We could hardly believe our own ears.

We heard a human voice, screaming in pain. Even though one voice was discernible, we could hear thousands, perhaps millions, in the background, of suffering souls screaming. After this ghastly discovery, about half of the scientists quit because of fear. Hopefully, that which is down there will stay there," Dr. Azzacov added.

One last note, one source claiming to quote the entire article stated that certain paranormal manifestations occurred after the shaft broke through into the pit nine miles below, namely a vaporous image of a creature with horns temporarily manifested and then later dissipated. Whether this claim was actually made by the geologists or not is still uncertain.

SOUNDS FROM HELL - REAL OR **HOAX?**

Ammenusastia Finland Newspaper

Saturday, 13 March 2010

Heard of the Finnish newspaper called: 'Ammenusastia' which supposedly carried the story of team of scientists which apparently drilled so deep, they discovered hell and made a disturbing recording of the damned burning in hell? (listen here) As a

Christian myself, and after much research into this account, I decided to set the record straight with this blog and to separate FACT from FICTION. The following are some extracts (references given) from information around the web which investigates this 'urban legend...'

"The "**Well to Hell**" is a borehole in the Soviet Union which was purportedly drilled so deep that it broke through to hell. This urban legend has been circulating on the Internet since at least 1997. It is first attested in English as a 1989 broadcast by Trinity Broadcasting Network. The legend holds that some residents of Siberia(Russia) had drilled a hole that was nine miles (14.5 km) deep before breaking through to a cavity. Intrigued by this unexpected discovery, they lowered an extremely heat tolerant microphone, along with other sensory equipment, into the well. The temperature deep within was 2,000 °F (1,100 °C) — heat from a chamber of fire from which screams of the damned could be heard. Temperatures reached 180 °C (360 °F), making deeper drilling prohibitively expensive. United States tabloids soon ran the story, and sound files — recordings of those alleged supplications from the damned — began appearing on various sites across the Internet. The story eventually made its way to TBN, which broadcast it on the network, claiming it to be "proof" of the literal existence of Hell as taught in some denominations of Christianity' (Wikipedia).

The fact of the matter there lies no 100% physical proof this recording originated from Siberia, and this remains an urban legend. HOWEVER, some important facts about hell DO EXIST, such as the following:

Several years ago a book was published, entitled *Beyond Death's Door* by Dr. Maurice Rawlings. Dr. Rawlings, a specialist in Internal Medicine and Cardiovascular Disease, resuscitated many people who had been clinically dead. Dr. Rawlings, a devout atheist, "considered all religion "hocus-pocus" and death nothing more than a painless extinction". But something happened in 1977 that brought a dramatic change in the life of Dr. Rawlings! He was resuscitating a man, terrified and screaming — *descending down into the flames of hell:*

"Each time he regained heartbeat and respiration, the patient screamed, "I am in hell!" He was terrified and pleaded with me to help him. I was scared to death. . . Then I noticed a genuinely alarmed look on his face. He had a terrified look worse than the expression seen in death! This patient had a grotesque grimace expressing sheer horror! His pupils were dilated, and he was perspiring and trembling — he looked as if his hair was "on end." Then still another strange thing happened. He said, "Don't you understand? I am in hell. . . Don't let me go back to hell!" . . . the man was serious, and it finally occurred to me that he was indeed in trouble. He was in a panic like I had never seen before." (Maurice Rawlings, Beyond Death's Door, (Thomas Nelson Inc., 1979) p. 3).

On page 85 of *Beyond Death's Door*, Dr. Rawlings writes patients who described hell said, ". . . this place seems to be **UNDERGROUND or WITHIN THE EARTH** in some way."

Scientist and Bible teacher, Henry Morris also agrees the Bible plainly teaches that hell is in this earth:

"So far as we can tell from Scripture, the present hell, is somewhere in the heart of the earth itself. It is also called 'the

pit' (Isa. 14:9, 15: Ezek. 32:18-21) and 'the abyss' (Rev. 9:2)... The writers certainly themselves believed hell to be real **and geographically 'beneath' the earth's surface...**

To say this is not scientific is to assume science knows much more about the earth's interior than is actually the case. The great 'pit' [hell] would only need to be about 100 miles or less in diameter to contain, with much room to spare, all the forty billion or so people who have ever lived, assuming their 'spiritual' bodies are the same size as their physical bodies."

(Henry M. Morris, The Bible Has the Answer, p. 220)

The Bible is clear — **Hell is inside the earth!**

Ephesians 4:9, says of Jesus: "Now that he ascended, what is it but that he also descended first into the **LOWER PARTS OF THE EARTH**."

The Birmingham News, April 10, 1987 had an article entitled "Earth's Center Hotter Than Sun's Surface, Scientists Say". The article stated that scientists have recently discovered, "THE EARTH'S INNER CORE HAS A TEMPERATURE OF OVER 12,000 DEGREES FAHRENHEIT!"

National Geographic magazine truthfully titled their story on Volcanoes "Going To Hell". When PBS did a series on *The Savage Earth*, one episode was titled "Hell's Crust: Our Everchanging Planet". Everything we know. Everything we observe. Echoes the truth of a place called hell.

The book, *Volcanoes*, *Earth's Awakening* (p.91) describes an erupting volcano as "*descent into HELL*".

It is there. And we know it.

Revelation 14:10 says, "... and he shall be tormented with fire and **BRIMSTONE**..." And Job 18 describes the "... **PLACE** of him that knoweth not God" (vs 21), in verse 15 as, "... **BRIMSTONE** shall be scattered upon his habitation." Do you know what brimstone is? It's sulfur. And do you know where sulfur or brimstone is found? INSIDE THIS EARTH! According to the book *Volcanoes* by Pierre Kohler (p. 43), when Mt. St Helens erupted in 1980 — 150,000 tons of sulfurous gas was ejected! Job is the oldest book in the Bible, written over 3,000 years ago, and yet Job knew what science wouldn't know for years — **inside this earth is BRIMSTONE!**

Nature magazine recently discovered (July 2002) what the Bible knew over 3,000 years ago. Inside this earth is "fire and brimstone":

"Volcanoes may be more like hell than anyone realized. Eruptions disgorge streams of molten sulphur, the brimstone of evangelical preachers, which burns up before it can be preserved for posterity, new research in the journal *Geology* shows".

(Nature, Science Update, July 22, 2002)

In Numbers 16, the Bible gives the account of people falling into hell alive!

"And **THE EARTH OPENED HER MOUTH**, and swallowed them up, and their houses, and all the men that appertained unto Korah, and all their goods. They, and all that appertained to them, went down alive **INTO THE PIT**, and the **EARTH CLOSED UPON THEM**:" Numbers 16:32-33

Caspar Peucer, a famous fourteenth century astronomer and

physician, who also researched and documented the volcanoe eruptions at Heklafell wrote some very frightening information in his research findings. Peucer, claims (as others) that "fearful howlings, weeping and gnashing of teeth" could be heard "for many miles. . ." as these volcanoes erupted:

"Out of the bottomless abyss of Heklafell, or rather out of Hell itself, rise melancholy cries and loud wailings, so that these can be heard for many miles around. . . there may be heard in the mountain fearful howlings, weeping and gnashing of teeth."

"The fearsome noises that issued from some of their volcanoes were certainly thought to be the screams of tormented souls in the fires of hell below" (Haraldur Sigurdsson, *Melting the Earth, The History of Ideas on Volcanic Eruptions*, p. 73)

The Bible continually warns of a place called hell. There are over 162 references in the New Testament alone which warns of hell. *And over 70 of these references were uttered by the Lord Jesus Christ!*

WHETHER OR NOT THIS RECORDING IS TRUE or NOT IS BESIDES THE POINT, SCIENCE POINTS TO ITS EXISTANCE AND THE BIBLE CLEARLY WARNS US. IT'S TIME TO MAKE YOUR CHOICE. JESUS SAID CHOOSE LIFE or CHOOSE DEATH, YOUR DESTINY IS IN YOUR HANDS! ONCE YOU'VE PASSED ON & MADE YOUR DECISION, IT IS SEALED FOR ETERNITY!
